Gentlemen:

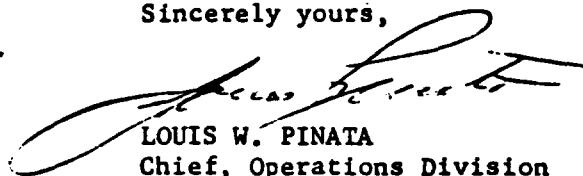

Reference is made to the following NPDES permit applications:

<u>Company Name and Facility Location</u>	<u>Permit Application Number</u>
Amerada Hess Corp. Newark, N.J.	2SD OXW 2 000325 NJ0001431
National Gypsum Co. Millington, N.J.	2SD OXW 2 000570 NJ0002429

The District Engineer interposes no objection to issuance of a permit pursuant to Section 402 of the Federal Water Pollution Control Act Amendments of 1972, because it has been determined that the discharge of suspended solids is insignificant and will in no way affect anchorage or navigation.

It is requested that this office be notified of your decision on the application for a permit and, if approved, furnish this office with a copy of the permit issued.

Sincerely yours,

LOUIS W. PINATA
Chief, Operations Division
